Upcoming Debit Card and ATM Network Changes in May!

1st Street Credit Union will be going through a Debit Card Conversion on May 9, 2022. We are moving our Debit Cards to a new card provider. Cards will be switching to Shazam during this time. With this change, we will be able to provide you with some added benefits in the near future. One of these benefits will be the ability to sign up and use your Debit Card with Apple Pay, Google Pay and Samsung Pay! In the near future, you will also have the option to personalize your card with a picture or make your card contactless!!

As part of the change, please be aware that ALL card holders will be receiving a new EMV, chip-enable Mastercard in the mail. Your new card will have a new card number. The new Mastercard Debit Card will replace your VISA Debit Card.

Please call, from your primary phone number, to activate your card by May 9, 2022. Your VISA Debit Card will NOT work after May 9, 2022. If you have not received a new card by May 30th, contact us at 941.953.6744 to request a new card.

If you have any pre-authorized or recurring debits (health club, insurance, subscription services, cable, utilities etc.) on your card, you will need to update those merchants with your new card number.

The ATM Network is changing to increase the number of places that you can use your card for cash! Very Soon, you will be able to use your new Mastercard Debit Card where ever the following networks are accepted:
